SUPERVISORS IN REGULAR SESSION

Contract to Connect Halfm. Bay and King's Mt. Roads, and $10,000 Big Basin Pledge

The Board of Supervisors met in regular session Monday, January 15, at 10 a. m., there being present C. V. Thompson, presiding, T. L. Hickey, W. H. Brown, John MacBain and Jos. M. Francis.

The minutes of the meeting of January 8 were read and approved.

A communication from the Bean Spary Pump Company of San Jose, quoting prices on outfits to be used in connection with the caterpiliar extermination work to be carried on in the third district, was ordered filed. Supervisor MacBain stated that Horticultural Commissioner Newton Peck had advised him that the outfits offered by the above concern were by no means suitable for using on oak trees.

A communication was received from State Senator M. B. Johnson at Sacramento in reference to the Big Basin road from Pescadero into Santa Cruz county. Johnson urged that immediate action be taken by the board toward arranging a plan that would bring about a completion of the above road and he suggested the appointment of a committee to go to Sacramento and take the matter up with the State Engineers so that some plan of action could be agreed upon.

County Surveyor J. V. Neuman gave a report of his recent visit to Sacramento during which he interviewed state engineers and secured from them all the data possible relative to the estimated cost of completing the road and its proposed route.

Attorney George C. Ross addressed the board in reference to the road and urged that some action be taken to bring about its early completion.

District Attorney Swart informed the board that he was preparing a resolution covering the above matter which he would have ready for the afternoon session.

This resolution, he explained, could be sent to Senator Johnson and Assemblyman Eksward and used by them in the legislature to show San Mateo county's interest in the completion of the road, and which would probably have the effect of securing some action toward securing the necessary application from the state.

The report of County Treasurer P. P. Chamberlain for the month of December was read and ordered filed.

M. J. Howard, a resident of Menlo Park, in poor health and unable to earn a livelihood was granted $8.00 a month county aid, on motion of MacBain seconded by Brown.

State aid was granted two half-orphans of Daly City on motion of Hickey seconded by Brown.

A petition signed by A. V. Strauss and others asking for the formation of a lighting district in Visitacion valley was referred to the district attorney.

A communication was received from J. P. Jensen of Lomita Park, father of the 17-year-old boy who died from injuries received when struck by an automobile some time ago, in which he thanked the board for paying the doctor and hospital bills incurred at the time of the accident.

A communication was received from the Newark Chamber of Commerce asking the board to appoint a committee to attend a meeting at that place on January 29, arranged to discuss the Dumbarton vehicular bridge subject.

The board accepted the invitation and Chairman Thompson appointed a committee consisting of all the members to attend the meeting.

A communication was received from C. H. Haas of San Francisco in reference to a claim of $5 for additional work performed in connection with the painting of the flag pole in front of the court house. The claim had been held up by the auditor's office by Supervisor MacBain, who wished to find out who had ordered the work done.

Being satisfied that the claim was a just one, MacBain moved, seconded by Hickey, that the supervisor of the third township be empowered to O. K. the claim.

The application of Alec Bonganzi of La Honda for a permit to conduct dances in connection with his place of business, the same having come up for second reading, was granted on motion of MacBain seconded by Francis. The roll call on the above was as follows:

Ayes—Hickey, Brown MacBain, Francis. Noes—Brown.

The following bids were received for grading one and one-half miles of the Skyline Boulevard from the San Mateo—Halfmoon Bay road to the King's mountain road:

P. H. McEvoy	$3556.30
A. J. Greer	5672.40
Colma Constructing Co.	4773.40
J. A. Marshall	4829.72

The contract was awarded P. H. McEvoy, he being the lowest and best bidder, on motion of Brown seconded by Francis.

District Attorney Swart gave a verbal report in regard to a communication that had been referred to him from the Redwood City school trustees asking the county to provide culverts along the Woodside road in front of the new Washington school in the Redwood-Five Points district. Swart stated that if the culvert was to be for the use of the school, then the supervisors would in no wise be responsible for its construction. If it could be shown that it was necessary as a drainage measure, then it would be up to the county to build it.

J. R. Eubanks, superintendent of the County Farm and Hospital, submitted his report for the month of December, 1916, showing that he had cared for 49 inmates of which number 7 had been discharged and 4 died.

County Assessor D. P. Flynn addressed the board in reference to securing two new typewriters for his office. He explained that owing to the assessment rolls being larger he needed machines with wider carriages. On motion of MacBain, seconded by Francis, Flynn was authorized to purchase the two typewriters, with the provision that one of the old machines now in use in his office being traded in to the typewriter company and the other one sent to the county farm.

Superintendent of Schools Roy W. Cloud presented a petition signed by Gertrude Fatjo and others asking for the formation of a school district at Alpine to be known as the Rolph district. A. J. Fatjo, one of the signers of the petition, addressed the board and asked that favorable action be taken by the board in the matter. He explained that Mayor Rolph had promised to donate sufficient ground for the school and also the equipment for the building.

The board, upon motion of MacBain seconded by Brown set February 5 as the time for hearing on the petition.

On motion of Brown, seconded by Francis, the board adjourned at 11:40 a. m. to 1:30 p. m.

Afternoon Session

The board reconvened at 1:30 p. m., all the members being present.

The following claims against John McReynolds the contractor on the Crystal Springs to Halfmoon Bay road were presented and ordered filed:

San Jose Hardwarae Co.	$ 507.89
San Mateo Planing Mills	146.59
Spring Valley Water Co.	40.50
Santa Cruz Portland Cement Company	7273.73
Stand. Corrigated Pipe Co.	756.76
Hellwig Iron Works	107.75

District Attorney Swart presented the resolution he had prepared in reference to the Big Basin road. The resolution pledged San Mateo county in the sum of $10,000 for the construction and completion of above highway from the funds available for that purpose, said sum to be turned over to the proper department of the state to be used in the construction of the road in the event that the state legislature provides for taking it over and completing it as a state highway. The resolution which had for its purpose the bringing about of legislative action t ocomplete the road was adopted on motion of MacBain seconded by Brown.

Acting upon the request of State Senator Johnson that a committee be appointed to go to Sacramento and confer with the state engineers and others regarding the above matter, Chairman Thompson appointed all the members of the board and County Surveyor Neuman to act on the committee. The committee arranged to go to the state capitol on Wednesday, the 17th.

The following applications for dance permits were received and given their first readings:

Carl Schwartz, Beresford; Mrs. Cawley, Granada; Peter Baugalopi, Princeton; Jos. S. Miguel, Miramar; G. Tomei, Princeton.

Monday, February 5th, was set as the day for hearing on the above applications.

The board adjourned at 2:15 p. m. to meet Monday, February 5th.

COMMUTERS TALK POLITICS

Hiram Johnson's retirement from the governorship of California is billed to occur at the end of February in order to enable him to reach Washington and be sworn in as United States Senator on the fifth of March. Owing to the death of Lieutenant Governor Eshleman and the unusual perogative conferred by law upon the executive of California, Governor Johnson had the unique privilege of selecting and appointing his own successor, and William D. Stephens, former Congressman, now Lieutenant Governor by appointment will fill out the unexpired term as Governor when Senator-elect Johnson departs for the national capitol.

Will the mantel of Elijah fall on Elisha and will the governor to be by virtue of the favor of Hiram Johnson become the popular idol his predecessor and creator has been? Francis J. Heney says emphatically, "No." Heney proposes to amalgamate the Progressives and Democrats in a phalanx to support the man who really elected Wilson, for Heney's speeches for Wilson easily turned enough Roosevelt supporters from Hughes to Wilson to give the latter the electoral vote of California. But do not suppose that Stephens and Heney will be the only contestants for the governorship in the 1918 campaign. There is another receptive candidate who is no slouch of a politician—James Rolph Jr. Union labor loves Rolph. His name is quietly whispered as the next governor, perhaps not through his own suggestion, but spontaneously, as it were, it is passed around that Rolph will have the votes when the time comes despite the opposition of the San Francisco Chamber of Commerce.

More political gossip is heard on the trains now, with reference to a campaign still more than eighteen months ahead than there was of political discussion during the late presidential contest which all admit was of a decidedly soporiphic character. Possibly the legislative session ha saroused fresh interest in California politics. Some talk is already heard about the Supreme Court vacancies which will arise from the expected retirement of Justices Henshaw and Lorigan. One of the likeliest to succeed one of these present incumbents on the supreme bench is the presiding appellate judge in the San Francisco district, T. J. Lennon, of whom a host of both lawyers and laymen are unreservedly fond, and if he has ambition to take a seat on the supreme bench he will have many sincere and ardent supporters. Judge Lennon succeeded Chief Justice Angellotti as superior judge in Marin county and was advanced to the district court of appeals and has a fine record on the bench, to supplement his attractive personality and wide popularity.

WORKING FOR CALIFORNIA

The new publicity campaign of the Union Pacific which was inaugurated in the Saturday Evening Post of December 20, and will be carried on in the leading magazines of the East is estimated will bring California in the strongest possible manner to the attention of at least ten million Eastern people which reminds us of the little boy who got punished at school.

"Little Willie came home crying, and his father asked, "what ails you" Teacher licked me. What for? Why, I asked you this morning how much was a million, and you said "O Hell of a lot." well that wasn't the answer, What would he have told him ten million was?

Since the opening the Union Pacific has done some wonderful publicity work for California, as has been demonstrated by the development that has taken place since California was made accessable by rail from the East.

When we consider the vast territory in California that is yet to be developed, and the immense population of the country east of the Missouri river, many of whom are restless and searching for new locations for their homes we begin to realize what this publicity of the Union Pacific will mean to California, said one of our prominent Chamber of Commerce members.

California is one of the largest states in area, containing as many square miles as the combined states of New York, New Jersey, Massachusetts, New Hampshire, Maine, Connecticut and Vermont, with a population of according to the census of 1910 of 22,427,638 to California, 2,377,549.

We are large enough to provide locations for the entire ten million, and then have room for a few million more.

The Union Pacific has taken another step in the right direction, and our people appreciate it. Every new citizen brought to California will benefit the entire country.

Daly and MacKenzie, the contractors of Redwood City, are renovating the Jones residence near the Family Farm at Portola.

SEEK CHANGE IN HIGH SCHOOL

The residents of North Palo Alto and Runnymead in the Ravenswood school district through the assemblyman from Santa Clara county are endeavoring to have a bill passed by the state legislature which will take their district out of the Sequoia Union High School district and annex it to the Palo Alto Union High School district The editor of this paper, who is also clerk of the Sequoia High School District wishes to present a few facts and figures for the enlightenment of all concerned.

Ravenswood district is about four to six miles from Sequoia High school It is about two to three miles from the location of the proposed new high school at Palo Alto. The assessed valuation of property in the district will be the same, which ever high school it is joined to. The tax rate for Sequoia High School district is twelve cents. The tax rate of the Palo Alto high school is fifty cents or an additional tax of thirty-eight cents on the hundred dollars valuation. The tax on the bonds of the Sequoia High School which are now half paid is six cents. The tax on the new Palo Alto high school will be approximately fifty cents, another addition of forty-four cents or a total of eighty-two cents. This will be a tidy little extra tax for anyone to have put onto his taxes and goodness knows they are none too low. If the district unites with Palo Alto high school district it will probably also unite with the grammar school and an additional tax will be levied there, perhaps twenty-five cents more or a total of $1007 per hundred for school purpose. The pupils of this section will be given free transportation to Sequoia high school next year. So there is nothing to be gained by them. There will be a fine big piece of assessable property added to Palo Alto district however and Palo Alto district is in need of all the assessed valuation it can get.

MR. F. S. DRADY

Francis S. Drady who has been for thirteen years editor of the San Francisco Leader and who maintains a home at Lomita Park in the north end of the county, has severed his connection with it to the regret of the entire staff.

During the period in which he was associated with The Leader he made for himself hosts of friends and his courtesy and judgment were characteristic of him always.

He was actively associated with many societies in San Francisco and had founded a number of Irish organizations. During his career as a pressman he was an active participant in some of the biggest local fights and wielded a trenchant pen in the cause of right.

As an American patriot he did his share in the stirring times of the Spanish-American war and is a member of the Spanish War Vetrans' Association. He was also captain of Company A, League of the Cross Cadets.

In leaving The Leader he is followed by the best wishes of the entire staff and also by the best wishes of the subscribers, to whom he has always been an assiduous and painstaking friend.

A LETTER FROM SACRAMENTO

Gordon Seely, private secretary of Senator M. B. Johnson ta Sacramento, writes to the Times-Gazette as follows:

"Just a word of remembrance to let you know I am getting along fine, and am enjoying my work immensly. Senator Johnson is sure a fine man, and he is looked up to here as a splendid member. He being an authority on road matters, has been made chairman of the committee on roads and highways in the senate. I have also been appointed committee clerk for the same committee. As I came here to learn, I am more than pleased with the reception I have received. There sure are some fine men in the capitol. This session is to adjourn on the 26th, and will probably reconvene on the 26th of February. It is great to watch this process of law-making, taking the bills from their very inception, and then following the process of law making."

A baby girl was born at the Red Cross hospital at San Mateo on January 4, 1917, to Mr. and Mrs. M. E. Hitchcock of Atherton.

Milton Marcus, the popular shoe dealer, has purchased a new five-passenger Chevrolet car of the 1917 model. Although having only a few days experience at the wheel he runs the car with the ease and grace of a seasoned automobilist.

Attorney John D. Willard has filed an action in the superior court of Santa Clara county in behalf of Mrs. Jennie V. Cannon of Palo Alto for divorce from Professor W. A. Cannon of Tucson, Arizona, on the ground of desertion. Professor Cannon is a botanist and Mrs. Cannon an artist. Both are Stanford graduates of fifteen years ago.

G. A. Mikesell and wife of Kansas are here on a short visit to Doctor J. H. K. Dykes and family. The Mikesells were neighbors of Dr. Dykes back in Kansas some years ago. Mr. Mikesell is making a tour of California and is delighted with the state. He may decide to locate in San Mateo county.

Thursday morning was the coldest in the history of the state according to statistics and the memory of the "oldest inhabitant." The thermometer was twenty degrees above zero. For the first time in the history of this city the water in Redwood Creek was frozen across. The warm sun of the day and all days since have thawed out the local resident so that he does not mind the frosty mornings.

Harry Robertson, who has been singing on the Orpheum circuit was stricken with diptheria in Chicago and for a time was very ill. He is now convalescing and hopes to leave the hospital soon. Mr. Robertson has a tenor voice of wonderful sweetness and trained for two years in Spain and Italy being compelled to return home because of the great war. It is to be hoped that he will be back in his chosen work very shortly.

Attorney J. J. Bullock has selected Miss Anastacia Foley, young daughter of Mr. and Mrs. P. J. Foley, a stenographer and typist in his office to succeed Gordon Seely who has been appointed secretary to State Senator Johnson at Sacramento. Miss Foley is an accomplished stenographer and accountant. She has a wide experience in San Francisco having been employed by several large commercial houses for several years.

The charge of an assault with a deadly weapon filed in the justice court against Mrs. W. A. Pike was dismissed by Judge Seely yesterday after listening to the evidence. Mrs. Pike was accused of shooting F. O. Stallman in the leg while trespassing on the property of Mrs. Pike last December. There was no evidence to show the intent of the accused. J. J. Bullock appeared for defendant while District Attorney Swart prosecuted the case.

Carl Mabie, the popular counselman and for ten years a solicitor for the Metropolitan Life Insurance Company, has been promoted to the position of special agent for the company. Mr. Mabie's new territory will include all the country from Redwood City south to Los Gatos. The new position carrys with it considerable prestige and more pay. Miller of Mountain View.

Mrs. W. H. Kelso has returned from a three months' visit in Iowa, her former home, and in the northwest. She was called to Iowa by the serious illness of her mother, Mrs. McDill, wife of the late senator. Mrs. Kelso arrived home a few days before her parent passed away. Mrs. Kelso visited her brothers and sisters in Idaho and Colorado and returned by way of Los Angeles. Mr. Kelso went up to the city to meet his wife and while walking on the sidewalk to the ferry building he slipped and fell fracturing one of the small bones of his ankle. Mr. Kelso is using crutches this week and it will be some time before he will discard them.

Henry Lahey of this city was with Admiral George Dewey at the battle of Manila Bay in 1898. He was a sailor on the cruiser Concord. During the conflict the Concord lay close to Dewey's flag ship, the Olympia, and Lahey saw Dewey ascend the bridge of his flag ship and give the signals for the commencement of action. The admiral was cool and collected and many times during the battle Lahey saw the admiral giving orders to his lieutenants. He displayed no fear notwithstanding that shells were exploding about him. His bravery inspired his men to action, every man did his best and each contributing to the great victory of the American navy on that occasion. Mr. Lahey says that Dewey was popular with his command, though a severe disciplinarian, he was liked by his men. The great admiral's death will be mourned by hundreds of those who served with him at Manila Bay.

BIG DANCE AT REDWOOD CITY

Many from neighboring towns will journey to Redwood City Saturday February 3 to enter and also to witness a spirited waltz contest, it being the night that the Young Bachelors are to be hosts at a grand ball in Foresters hall. If public interest as expressed by dancers and the usual spectators is a forecast as to the crowd that will attend, then there is an assurance of the largest crowd that ever attended the Young Bachelors' past events, as the dance and waltz contest are now the main topic of conversation. In the past the club has enjoyed the patronage of very large crowds made up of all sets. The "Missouri Waltz" has been selected as the best to be played for the prize waltz contest as it is the best known waltz of the time. Two beautiful loving cups which are now on display at Marcus Department Store are to be given as first prizes and the second and third prizes will be valuable merchandise orders. Judges that understand good waltzing will be selected from ladies and gentlemen in attendance at the dance and everyone will be assured of a fair chance in the contest. All of the latest music will be played by Mullen's Orchestra for the dances and the Young Bachelors extend a welcome invitation to all to attend and enjoy an evening of music and dancing.

DEATH OF PATRICK McDONOLD

Patrick McDonald, a pioneer of California, passed away at the residence of his daughter, Mrs. Frank S. Drady, December 31. His end was peaceful, and he went to his Creator fortified with all the rites of Mother Church.

Mr. McDonald was a native of Sligo, and 86 years of age. He came to America when a year and a half old, and remained in New York until 1851, when he left for California. Here he resided ever since. He was a member of the famous surveying party which sailed for Sitka in 1852, under command of Captain Alen, in the ship Active. In the stirring days of this city's early history he took a prominent part, and was a member of the Law and Order Committee. Mr. McDonald was a personal friend of Senator Broderick, as well as of many other noted men of the pioneer times of San Francisco. He was a sub-contractor, and among the buildings he helped in erecting were the old Cathedral, the old City Hall, St. Ignatius' Church, at Hayes and Franklin streets, the State Capitol, etc. He was a man of most genial temperament and had a host of friends. He is survived by two sons, George E. and Walter H. McDonald, Clara McDonald, Mrs. F. Griffin and Mrs. Frank S. Drady.

The funeral was held from St. Bruno's Church, San Bruno, where a requiem high mass was celebrated by the Rev. James A. Grant of Burlingame. The Rev. Thomas P. Heverin, pastor of San Bruno, attended in the sanctuary. The church was filled with sorrowing friends. The pall bearers were Messrs. James Owens, Charles Keyer, Jeremiah Mullins, Stephen Throwell, Patrick Keane and Donald McRae. Father Grant gave a touching and eloquent eulogy on the life of the deceased. Interment took place in Holy Cross Cemetery, where Father Heverin conducted the services.

DEATH OF JAS. BRIDGEWATER

On Thursday about ten o'clock James Bridgewater, a senior in the high school passed to the other life at the early age of eighteen years. This school has mercifully been spared many such bereavements. In nearly twelve years with an enrollment of nearly 1,200 students, but five have died while in attendance, or shortly after leaving school. They are Geo. Orton of Portola, a junior; Frank George of Mayfield ,a senior; Lottie Bell of San Gregorio, a freshman; Hiram Jens of Belmont, a senior; and now James Bridgewater.

"Death loves a shining mark" it seems, for he has taken from ous school ,one whose modesty prevented him from laying claim to intellectual and moral leadership; but yet one to whom all his schoolmates, and particularly his classmates would ungrudgingly give such honor.

He entered Sequoia as a freshman in 1913, and by reason of the removal of the family to South San Francisco, was transferred to that high school early in 1914, coming back to us a little later, in 1916. He would have been the Valedictorian of his class—a strong one—had he been spared. His death leaves a great gap in the largest senior class the school has ever had.

The young priest who attended his closing hours, called his death one of the happiest he had ever seen. May his schoolmates prepare to meet the dread messenger as bravely. There is consolation and cheer in the words of Longfellow:

There is no Death! What seems so is transition,
This life of mortal breath
Is but a suburb of the life elysian,
Whose portals we call Death.

S. P. McCrea.

Celebrate Golden Wedding

Mr. and Mrs. William Chappell on Monday last celebrated their golden wedding anniversary, having been married at Hancock, Houghton county, Michigan, on January 15, 1867 by Rev. J. O. M. Gordon, pastor of the Methodist Episcopal church of that place. A reception was held at the Chappell home on Santa Cruz avenue and from early in the afternoon until late in the evening scores of friends called to extend congratulations to the old couple who had journeyed together for a half century on life's long road. Over one hundred friends called and were pleasantly received by Mr. and Mrs. Chappell who appeared to all young again although they are long past the alloted age of three score and ten. Mr. and Mrs. Chappell came to Menlo Park in 1876 and have lived here ever since in the esteem of their many friends and neighbors. In 1869 the young couple moved to the praries of Nebraska and like all pioneers had to endure the hardships and suffer the privations of the early settlers. Mr. Chappell purchased 240 acres of land near West Point in that state which he farmed until he came to California. He built the first school house in that section, was the pioneer teacher and taught the first Sunday school. On coming to California his first work was the erection of the old Captain Greer home at Palo Alto which in days gone by was the scene of many festivities and receptions. Mr. Chappell amassed a compitency, which enabled him to retire from active work 25 years ago and enjoy a life of ease. He was fortunate in having a good helpmate who seconded his efforts and aided him by her advise in all his undertakings. The late Mrs. Jane Stanford, in her life time, was an intimate friend of Mr. and Mrs. Chappell and often visited them here. Mr. Chappell for twenty-three years has been a ruling elder of the local Presbyterian church. A former pastor, Rev. James Falconer, head of the First Presbyterian church at Santa Clara, was at the reception on Monday and during the afternoon held a short prayer service. He delivered a short address, speaking feelingly of the old couple who had lived so happily together for a half century. The reverend gentleman composed and dedicated the following beautiful poem to the venerable couple:

For fifty years of married life
You've walked together man and wife
And now your old time friends and true
Have come to join in honoring you.

The years have held much joy, some tears
Since first you lit the lamp of love
And through these changing fifty years
Have kept your faith in God above.

Tho' many changes you have seen
God hath his blessing given
As up the slopes of sunrise land
You journey towards heaven.

You wedded once for earthly bliss
We know you've wed for heaven
And there you'll join the angel choir
When you are bidden, come up higher.

So we say to you today
Heed not the growing years
For he who shares the life of God
Need not have mortal fears.

The old Felton home here has been leased to a wealthy mining man who has a corps of carpenters engaged in overhauling and renovating the ancient mansion preparatory to moving into it by the first of the month. It is understood that he has an option to purchase on the property.

The large oak tree on the property of the Southern Pacific Company near the Wells Fargo office was cut down during the week to make room for automobiles that gather there during business hours. If other trees in that locality were disposed of it would be much better for the automobile traffic and there would be less danger of accidents occuring.

The engagement is announced of Miss Lucy Olive Martin and Sylvester Dignam, both of San Francisco. The pretty bride to be formerly resided in Menlo Park but after the death of her father, who was a gardener for E. W. Hopkins ,the family moved to San Francisco. For some years Miss Martin has been the bookkeeper of Nathan Dorhmann Co., wholesale crockery dealers of the city. Mr. Dignam is a prominent businessman. The wedding is scheduled for an early spring event.

Mrs. Olive Snider Merrill Wednesday night became the bride of Gilbert H. A. Recht, a San Francisco business man, at a quiet wedding at the home of Mrs. John F. Merrill at Atherton, mother of her late husband, with whom she and her small daughter have made their home since the death of John Sroufe Merrill several years ago. The wedding ceremony, which was solemnized by the Rev. Hugh Montgomery, rector of the Episcopal church at Menlo Park, was witnessed by relatives only, and the handsome bride was given in marriage by Mrs. John F. Merrill. The bond between Mrs. Merrill Sr. and the bride has always been one of deep affection, being like mother and daughter. The bride wore a dinner gown of apricot colored velvet and a corsage obuquet of white orchids and gardenias. The ceremony took place at 7:30 o'clock and was followed by a wedding dinner.

HALFMOON BAY NEWS

Jack Mori of Rockaway Beach yesterday morning killed a porker that was only a year old, which weighed, dressed, over 300 pounds.

D. J. Lynch was agreeably surprised when his sisters motored down for a visit this week. Mrs. William Drummond and husband coming from Seattle and picking up the other sister, Mrs. Voltz from Oakland.

Mrs. John E. Francis and baby have returned to their home in Halfmoon Bay, accompanied by Miss Frances Demartini, sister of Mrs. Francis, who expects to make an extended visit.

The Native Sons of Halfmoon Bay on last Tuesday evening entertained Assistant District Attorney Cabaniss of San Francisco, third vice president, at a banquet given at the Occidental hotel of Halfmoon Bay. The dinner was one of the best ever given. Many witty speeches were made and much enjoyment indulged in. Over thirty members of the Native Sons of the Golden West were present.

Mrs. Christina Albrecht, an esteemed pioneer of Halfmoon Bay, passed away on Friday last after a short illness. She had resided in this place a great many years and was universally liked and admired for her numerous good qualities of mind and heart. She has seen seventy-six winters come and go and notwithstanding her age she enjoyed excellent health until the time of her demise. Mrs. Albrecht is survived by three sons and two daughters.

Death called Mrs. Barbara Miguel of Miramar on January 9th, aged 71 years. She was the mother of Mrs. E. Foster, Mrs. R. Bragini, Joseph, Antone, Lewis and Frank Miguel. Mrs. Miguel has been a resident of the coastside for nearly a half century, and during her long residence made many friends, who extend to the loved ones that are left their heartfelt sympathy. She was known by nearly every resident of the Halfmoon Bay section and was loved by all. The body was laid to its final resting place in the Catholic cemetery here.

PRACTICAL HEALTH HINT.

Feeding Babies.

No baby is able to digest starch before it is five months old. This is a fact well known to all physiologists and to all physicians who make a specialty of children. In a recent address before the Royal College of Physicians in London Dr. S. G. Moore, health officer of Huddersfield, said: "Surely it is not too much to ask that an infant be not slowly starved to death by having administered to it a substance which does not nourish it. The mind reels before a contemplation of the number of infants who have been slowly done to death in this horrible fashion during the past fifty years."

Too few mothers know that bread, potatoes, rice, cornstarch and such things cannot be digested by a baby's stomach. Mother's milk is the only safe food for infants. If it be necessary to resort to artificial feeding, then carefully sterilized cow's or goat's milk can be used, but never anything that contains starch.

The Right Road.

Young man, you are a locomotive; you are a thing that goes by power inside of you; you are made to go. In fact, considered as a machine, you are very far superior to a locomotive. The maker of a locomotive is a man; your maker is man's Maker. You are as different from a horse or an ox or a camel as a locomotive is different from a wheelbarrow or a cart or a coach. Now, do you suppose that the being who made you—manufactured your machine and put into it the motive power—did not make a special road for you to run upon? My idea of religion is that it is a railroad for a human locomotive and that just as sure as it undertakes to run upon a road adapted only to animal power it will bury its wheels in the sand, dash itself among rocks and come to inevitable wreck.—J. G. Holland.

When Icebergs Are Near.

Icebergs indicate their presence by a "blink" in the sky long before they may be seen. This blink is a path of sky above them lighter than that surrounding. It is caused by their capacity of refracting the sunlight or moonlight. An iceberg in a fog looks black. If of any height it will send back an echo when the whistle is blown. "By noting the time between the blast of the whistle and the reflected sound," say the men of the hydrographic office, "the distance of the object in feet may be approximately found by multiplying by 550."

No Use.

"Georgie, dear," said his mother, "you have been Mr. Coyne's office boy for nearly a year now, and he hasn't raised your salary yet. Can't you do something to attract his attention so he'll know you're alive?"

"I've tried that, mother," answered George. "I tipped the inkstand over this morning and spilled ink all over his white vest, and it didn't seem to help a bit."—St. Louis Post-Dispatch.

What You See.

"It is amazing," said the young man, "how it happens that when you have a swell girl on your arm and you are only 25 cents strong you will see restaurants in every spot where the day before there were only vacant lots."—Exchange.

CHINESE LETTER CARRIERS.

Feats They Must Perform Would Tire a Hercules.

How many of our own postmen would care to transfer their services to the Chinese postoffice?

To get into the postal service in China is not an easy matter.

In the first place an applicant must have strength and courage, and in order to gain these he must be prepared to undergo a very queer method of training. He must wander through mountains and valleys, forests and coves. The exact time to be occupied in a trip of this sort is fixed by the law, and a very heavy fine is imposed for any unnecessary delay.

The would be postman must repeat these trips at night, and if he listens to the bad spirit, thereby failing to appear at the required time at a specified place he is sure to lose his chance of being a postman.

But that is not all, for he is obliged to carry enormous weights for many miles and must return with his burden within a given time, though his road usually takes him through districts thick with bandits.

In training, the postman eats very little—though he is used to this—and tries every training exercise. Then comes his real examination, under the direction of the government officials. He is taken into a large room, where, suspended from a high beam, are very heavy sacks filled with rocks. He must give a swinging motion to all these sacks, run to and fro between them, carefully guarding himself against a blow from the heavy weights.—London Globe.
